

Renewed Balance Body Cream

- Used by AIM Members for decades
- Popular among menopausal women
- Tested free of contaminants
- Not tested on animals

Rich in beta-carotene and other antioxidants, **carrot root extract** contributes to new cell formation and sebum stimulation in dry skin.

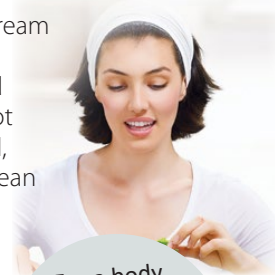

As a topical application, **soybean oil** releases antioxidant properties that **shield the skin** from environmental free radicals that can cause damage.

Rosemary leaf extract tones the skin and provides antioxidant properties that protect against environmental stressors.

Renewed Balance body cream is a natural cosmetic made from soothing, plant-based ingredients, including carrot root extract, lemongrass oil, rosemary leaf extract, soybean oil and progesterone. Easily absorbed through the skin for beautifying, moisturizing and protective results. Helping to reduce the outward signs of aging, plant-based progesterone can offer natural moisturizing results for thin, dry skin.

For a body cream that goes beyond skin basics, reach for **Renewed Balance**.

Providing a gentle citrus scent, **lemongrass oil** delivers protection from the outside in.

Renewed Balance

Body Cream

- Enjoyed by women of all ages and even some men
- Provides beautifying, cosmetic benefits
- Contains all-natural ingredients
- A great value to the user

How to Use

Apply to thin areas of skin daily for best results.
